

JOB FINDER

Job Finder is a service provided through the Buffalo Grove Chesed Fund and BAY Shul. Its purpose is to help find positions for members of our community using the networking resources of the shul. With the help of Hashem, we have been successful in helping find positions for several of the members of our community, as well as make introductions, which have led to job opportunities and significant business relationships. If anyone knows of a possible lead for the listed person(s) or knows someone looking for a job and would like to be listed in an anonymous manner, please contact Rabbi Pickholtz at (847) 947-4BAY or at bayshul@gmail.com

Anyone wanting to contribute to the Buffalo Grove Chesed Fund and the services which it provides may send in a check made payable to BAY Shul and note that it is for the BGCF and mail to 314 McHenry Rd Buffalo Grove, IL 60089.

Thank you for your help.

Computer Programmer (Person #00)

- * programming on AS400 computers.
